TUMBLE FEATURE

The TUMBLE FEATURE means that after every spin, winning combinations are paid and all winning symbols disappear. The remaining symbols fall to the bottom of the screen and the empty positions are replaced with new symbols coming from above. New symbols are of the same size as the initial spin result, before tumbles.

Tumbling will continue until no more winning combinations appear as a result of a tumble.

All wins are added to the player's balance after all the tumbles resulted from a base spin have been played.

BIG WILD FEATURE

This is the BIG WILD symbol. The BIG WILD symbol does not pay. The BIG WILD symbol always takes 2 horizontal positions on the screen and can appear only on the top row of reels 2, 3, 4 and 5

Whenever the BIG WILD hits fully, as a 2 positions wide symbol, as a result of a normal spin or a tumble, all symbols on the reels below it are transformed into WILDS. If as a result of a tumble, the BIG WILD symbol changes to a new position on the top row, all symbols on the reels below it are transformed into WILDS.

The BIG WILD feature does not trigger if the BIG WILD symbol is not fully visible on the top row or does not change position after a tumble.

MAX WIN

The maximum win amount is limited to 5,000x bet. If the total win of a FREE SPINS ROUND reaches 5,000x the round immediately ends, win is awarded and all remaining free spins are forfeited
